General Data Protection Regulation Notice The Club collects personal data (name, address, email address and telephone number(s)) and it is used by members of the committee to enable the Club to be run in a smooth and efficient way. Contact details (name, address and membership number) will be passed to our printers by means of a secure managed file transfer (MFT) portal to facilitate distribution of the Club magazine and any other communication deemed necessary by the committee. Other data may include bank details and basic vehicle information. The data is stored by electronic means to which our membership secretary has sole access and for which there is secure backup. The Club does not, under any circumstances, supply or sell members' data to anyone, nor does the Club disclose data to anyone other than those on the committee.

You have the right to be given all the personal data held by the Club relating to you – on the receipt of a S.A.E. – and have the right to request that some or all of that data be corrected or permanently removed. Removing data could result in the Club being unable to offer its services to you. On ceasing to be a member, for whatever reason, all your personal details so collected will be totally deleted from the combined membership list after six months.
